

# Meet APOD

An exclusive membership program saving the Defence community time and money for over 5 years.

## How it all started

A few years ago, two Australian Defence Force wives whose husbands were deployed, found that amongst the myriad of discount programs available, there was nothing exclusively for military personnel and their families. With the belief that serving your country should have its rewards, they set out to change this for the Australian Defence community.

A year later, Australian Partners of Defence (APOD) was launched. Since then, APOD has grown into the largest Defence discount program in Australia, with over 10,000 discounts sourced in 5 years of operation.

Importantly, we're not here to make money off members. In addition to being self funded, a portion of every membership fee is donated to our partner charities Mates4Mates and Legacy to help support Defence families in need. Any profits made by APOD are used to improve the program to provide greater benefit to our members.

“Our aim was to provide a service to the Defence community which we saw was not provided anywhere else.”

## Australian Owned & Operated

### Exclusive Discounts for the ADF Community.

As the only discount membership program in Australia to be offered exclusively to the Defence community, our focus is on securing deals that recognise the great contribution the Defence community has made to our country.

We have worked hard to negotiate hundreds of discounts on behalf of all members which we have listed in one easy to find location on our site to save you the time and stress of having to haggle your own discounts every time.

For more information, go to [www.APOD.com.au](http://www.APOD.com.au).
